

Referee Competencies by Level

Level 10 (C4)	Level 9 (C3)	Level 8 (C2)	Level 7 (C1-)	Level 6 (C1+) *	
scrum: set up, basic safety, positioning and referee movement	restarts (set pieces and kicks): accuracy, space, running lines/referee movement	scrum: fair contest	scrum: management	quality ball out at scrums	1
touch/touch-in-goal	lineout: set-up, contest, referee positioning and running lines	obstruction: open play, at mauls from lineout	unfair play	lineout/maul management	2
dangerous play, esp tackle	breakdown: tackler/tackler assist, running lines and positioning to arrive	breakdown: tackled player	breakdown: gate/on feet/ruck	breakdown: quick ball availability (trigger)	3
whistle/signal-talk (not in grid)	scrum advantage (application)	penalty advantage (application)	advantage: communication	repeated infringement	4
	communication: speaking with team captains - brief, clear, respectful (not in grid)	space at breakdown	in front of kicker (space in open play)	big decisions: pressure	5
			maul: formation, defense, space	empathy and materiality: communication	6
				balance: set standards	7

At each level, referees add new focus areas as well as new information into areas for which they have established a framework.

For example, Level 10 referees are learning to recognize and act on dangerous play, especially dangerous tackles. As they gain experience, referees will recognize and accurately sanction dangerous
